1 3 : 0 4 : 2 8 1 result in a bad journey?

2 A. A difficult journey, yes.

3 Q. And here there's no stress level that's noted; is that

4 right?

1 3 : 0 4 : 3 9 5 A. Nope.

6 Q. Is that typical?

7 A. It can be.

8 Q. If you go down to the next box, there's one titled "dose,"

9 do you see that? Ms. Lee, on the left-hand side, do you see

1 3 : 0 5 : 0 9 10 the reference to dose?

11 A. Yes.

12 Q. And here it indicates that the dose was 2 grams; is that

13 right?

14 A. Yes. Yes.

1 3 : 0 5 : 1 7 15 Q. Is a uniform dosage given to Voyagers?

16 A. No.

17 Q. So some Voyagers are given more?

18 A. Yes.

19 Q. And some Voyagers are given less?

1 3 : 0 5 : 3 0 20 A. Yes.

21 Q. How is that determined?

22 A. It is determined on a couple of factors. And that is what

23 we talk about in their screening, and it could be there's

24 certain medications that make you, you know, not as sensitive

1 3 : 0 5 : 4 5 25 to the psilocybin. We take into consideration weight. We take

1 3 : 0 8 : 4 6 1 Q. What is it?

2 A. Isn't it a concentrate of a liquid?

3 Q. I'm not sure. I'll defer to you on that. So for this one

4 other member that took a capsule, is that something that

1 3 : 0 9 : 0 0 5 members of Singularism are free to elect?

6 A. Not usually.

7 Q. I understand it's uncommon, but in theory any member of

8 Singularism, could they request to participate in a ceremony

9 through a capsule?

1 3 : 0 9 : 1 6 10 A. Yes, they could.

11 Q. Do you see the image now referring to Guided Journey

12 No. 2?

13 A. Yes.

14 Q. And that's also with Becky?

1 3 : 0 9 : 3 0 15 A. Yes.

16 Q. And if we look at the journey record here, there's now a

17 reference to 3.5 grams in the dose section; is that right?

18 A. Yes.

19 Q. And this is a higher dose than what was administered

1 3 : 0 9 : 4 9 20 previously?

21 A. Yes.

22 Q. So the sacrament that Singularism administers isn't always

23 the same even for the same individuals; is that right?

24 A. Right.

1 3 : 1 0 : 0 1 25 Q. And the additives are also different this time?
